

The concept First Aid To All Aid™ comprises of designing, developing and marketing specialized kits catering to first aid needs in physical rehabilitation of individual consumers, industries such as sports, construction and automobile and institutions like the Armed Forces, Paramilitary, Railways, Schools and so forth. These kits contain an assortment of rehabilitation products, first-aid supplies and essential utility items in compliance with natural disaster, emergency, trauma, and sports injury preparedness, treatment and prevention. The All Aid Kits provide Complete Safety, addressing the complete spectrum of rehabilitation needs during accidents, emergency, trauma and disaster management.
